Dimitrios A. Anagnostopoulos

PostDoctoral Researcher
Vólos, Thessalia, Greece

Summary

Dr. Dimitrios A. Anagnostopoulos works at the Department of Ichthyology & Aquatic Environment (DIAE), University of Thessaly, Greece. He does research in Food Microbiology focusing in the monitoring of food fermentation and food spoilage. Currently, he is studying the shelf-life status and the microbiota profile of a variety of foods (processed, minimally-processed, raw) at several storage conditions.

Experience

University of Thessaly

4 years 4 months

Postdoctoral Researcher

August 2025 - Present (9 months)

QuiPack: Food value chain intelligence and integrative design for the development and implementation of innovative food packaging according to bioeconomic sustainability criteria - EU. PRIMA 2023. Thematic Area 3 - Agro-food value

Postdoctoral Researcher

June 2025 - Present (11 months)

DELICIOUS: Flavour, odour and texture improvements of plant-based dairy products using microbial fermentation products (Horizon Europe 2021-2027)

Postdoctoral Researcher

January 2022 - Present (4 years 4 months)

Postdoctoral Researcher

January 2024 - November 2025 (1 year 11 months)

Transfer of antibiotic resistance genes between foodborne bacteria in aquaculture facilities and bacteria in aquaculture facilities and seafood_
TranSeafood_Proj.ID:16591 (Hellenic Foundation for Research and Innovation-H.F.R.I.)

Postdoctoral Researcher

April 2024 - December 2024 (9 months)

Plastics as a potential vector for spread of antimicrobial resistance and pathogens from wastewater discharge in the marine environment_PlastiSpread (Research Council of Norway)

Academic Teaching Fellowship

February 2022 - June 2024 (2 years 5 months)

1) Quality control and seafood adulteration control techniques

2) New Trends in Microbiological Quality and Safety of Foods

Postdoctoral Fellowship

May 2022 - March 2023 (11 months)

Minimally processed value-added products from European sea bass "valueSeabass" – Funded by Hellenic Government and European Union (Competitiveness Entrepreneurship and Innovation-ΕΠΑνΕΚ)

Agricultural University of Athens

Postdoctoral Researcher

January 2022 - March 2023 (1 year 3 months)

Digital TEChnologies as an enabler for a conTinuous tranformation of food safety system "DiTECT" (HORIZON 2020)

Cyprus University of Technology

3 years 11 months

Phd

September 2016 - July 2020 (3 years 11 months)

Teaching Assistant

January 2017 - April 2020 (3 years 4 months)

- 1) General Microbiology
- 2) Food Biotechnology
- 3) Molecular Biology
- 4) Special Microbiology Topics

Research Associate

January 2018 - January 2020 (2 years 1 month)

Project "AGROID" INTERREG Greece – Cyprus 2014-2020 Program

Education

Cyprus University of Technology

Doctor of Philosophy (PhD), Food Microbiology · (2016 - 2020)

University of Thessaly

Master: Sustainable Management of Aquatic Environment · (2015 - 2016)

University of Thessaly

Bachelor: Agriculture, Ichthyology and Aquatic Environment · (2010 - 2015)
